PROFESSIONAL EXPERIENCE

The Spatio — Engineering & Geo-Spatial Consultants — Lahore, Punjab

GIS Team Lead (Suthra Punjab Project) — *March 2026 – May 2026*

- Led a GIS team digitizing mauzas across Punjab under the Suthra Punjab initiative.
- Digitized old paper cadastral maps into accurate, GIS-ready spatial datasets.
- Managed task allocation, review, and quality control across the team to meet delivery timelines.
- Coordinated with the technical team to maintain data accuracy and reporting standards.

GIS Specialist (PULSE Project) — *June 2025 – November 2025*

- Executed digitization of 13 districts in Punjab under the "Drone Survey and Cadastral Mapping" project.
- Digitized cadastral and survey data using advanced GIS tools and software.
- Ensured data accuracy, attribute integrity, and topological consistency across datasets.
- Supported QC and verification processes to maintain project standards.
- Coordinated with the technical team on database management and reporting.

Lahore Development Authority (LDA) — Lahore, Punjab

Intern — Town Planning Wing, Zone-IV — *July 2024 – August 2024*

- Assisted in preparing penalty notices related to illegal land use conversion activities.
- Contributed to digitization of permanent commercial building records along List-A roads using GIS.
- Gained hands-on experience in the land use conversion approval process.
- Developed understanding of E-Khidmat operations, PM Portal complaint handling, and BPR application disposal.

The Union Associates — Lahore, Punjab

Intern — Master Plan Project by NESPAK — *June 2024 – July 2024*

- Assisted in land use surveying, spatial data analysis, and SDZ delineation.
- Conducted field surveys and vetted proposed land use plans with local government authorities.
- Participated in development and review of site zoning plans and road networks.
- Attended DPDC meetings and supported formulation of master plans for multiple districts.

EDUCATION

University of Engineering & Technology (UET), Lahore — *2023 – 2027*

B.Sc. in City & Regional Planning

- Best Effort Award, Winter School Research Competition by TU Dortmund at UET Lahore (Nov 2024).
- Management, Winter School on Urban and Infrastructure Planning, organized by TU Dortmund at UET Lahore (Nov 2024).
- Shield Award for Graphic Designing, Cultural & Sports Festival, CRP Department, UET Lahore.

SELECTED PROJECTS (FULL PORTFOLIO LINKED ABOVE)

Urban & Site Planning (CAD)

- **10 Marla Complete Designed —** Complete architectural and planning design for a 10 Marla residential plot.
- **Personal House Implemented Plan (~1,800 sq. ft) —** Full implemented drawing set for a 44'×39' personal residential house, including all working drawings.
- **Housing Scheme Design (3,000 Acres) —** Master layout and land-use design for a large-scale 3,000-acre housing scheme.
- **Industrial Estate Design —** Site planning and zoning layout for a planned industrial estate.
- **Planned Town (300 Kanals) —** Comprehensive town planning scheme covering a 300-kanal site.
- **Urban Design — TOD Site —** Transit-oriented development (TOD) urban design scheme, CAD and 2D drawings.

GIS & Cadastral Mapping

- **Buffer Map (GIS) —** Buffer-zone analysis and mapping using ArcGIS.
- **GIS Maps —** Thematic and cadastral mapping outputs supporting planning and survey projects.
